# MBA

Welcome to the newly established Christ Institute of Business Administration, the new MBA wing at the Christ College of Engineering campus; where innovation meets excellence in business education.

At Christ Institute of Business Administration we provide a transformative learning experience that prepares our students to become leaders in the dynamic world of business. Our smart classrooms provide an immersive learning environment where students can engage with industry-leading faculty and peers to explore the latest trends and strategies in management and business administration.

We believe in the power of hands-on learning and practical exposure. That's why we incorporate real-world case studies, industry projects, and internships that give our students valuable insights and skills to succeed in tomorrow's competitive business landscape.

In addition to our innovative teaching techniques, we offer a range of value-added programs and opportunities for personal and professional growth. From mentorship programs and leadership development workshops to networking events and international study tours, we are committed to providing our stu-

dents with the tools and resources they need to excel in their careers.

We believe in the power of collaboration and learning from the best. That's why we facilitate interactions with national and international experts in the field of management and business administration through guest lectures, seminars, and conferences. These interactions provide our students with valuable insights, perspectives, and networking opportunities that enrich their learning experience and help them stay ahead in their careers.

Furthermore, our outreach programs allow students to give back to their communities and make a positive impact beyond the classroom. Through partnership with local organizations and similar initiatives, students have the opportunity to apply their skills and knowledge to address real-world challenges and create positive change.

Join us at Christ Institute of Business Administration and embark on a journey of academic excellence, personal growth, and professional success. Experience the difference of education that empowers you to make a meaningful impact in the world of business.

## MANAGEMENT

Christ College of Engineering is managed by Christ Educational and Charitable Trust, formed by the Devamatha Province of the CMI Congregation. Since its inception, CMI Congregation has been a beacon of educational excellence, founded on the principles of service, integrity, and compassion. With humble beginnings rooted in a vision to uplift communities through education, CMI Congregation has blossomed into a network of renowned educational institutions worldwide schools, colleges, hospitals, Universities and research Centres.

## VISION

To empower future leaders with high-tech education fostering excellence, innovation, integrity, and compassion in business practices.

## MISSION

1. To cultivate principled leaders equipped with the futuristic knowledge and skills
2. To drive positive change in the global business landscape, guided by ethical values
3. To create a quality education system that encourages faculty and students to involve in innovative, meaningful and committed service for the benefit of society

## CORE VALUES

1. Faith in God
2. Moral uprightness
3. Integrity and Teamwork
4. Empathy and Compassion
5. Innovation and Professionalism

## TBI

The TBI at Christ College of Engineering provides a conducive environment for start-ups to thrive. With state-of-the-art cubicles equipped with cutting-edge facilities, the incubator offers a workspace that fosters creativity, collaboration and innovation. The facility is designed to inspire and support the growth of start-ups across various technology domains. This TBI is affiliated with the Kerala Start Up Mission (KSUM). We remain committed to nurturing innovation, fostering entrepreneurship and contributing to the vibrant startup ecosystem in Kerala.

## IEDC

The Innovation and Entrepreneurship Development Centre of CCE is a cell that aims to promote the institutional vision of transforming youngsters into technological entrepreneurs and innovative leaders.

The initiative is to address the rising trend of corporate job culture and establish a platform to pursue ideas and businesses at an early stage. We at IEDC CCE host various workshops, speaker sessions, competitions to develop skill sets and provide essential resources to take up entrepreneurship as a career.

The IEDC at CCE has bagged the 2nd position out of 425 IEDCs in the State of Kerala at the Innovators Premier League conducted by Kerala Start Up Mission (KSUM) for the last consecutive two academic years (i.e. 2021-22 and 2022-23).

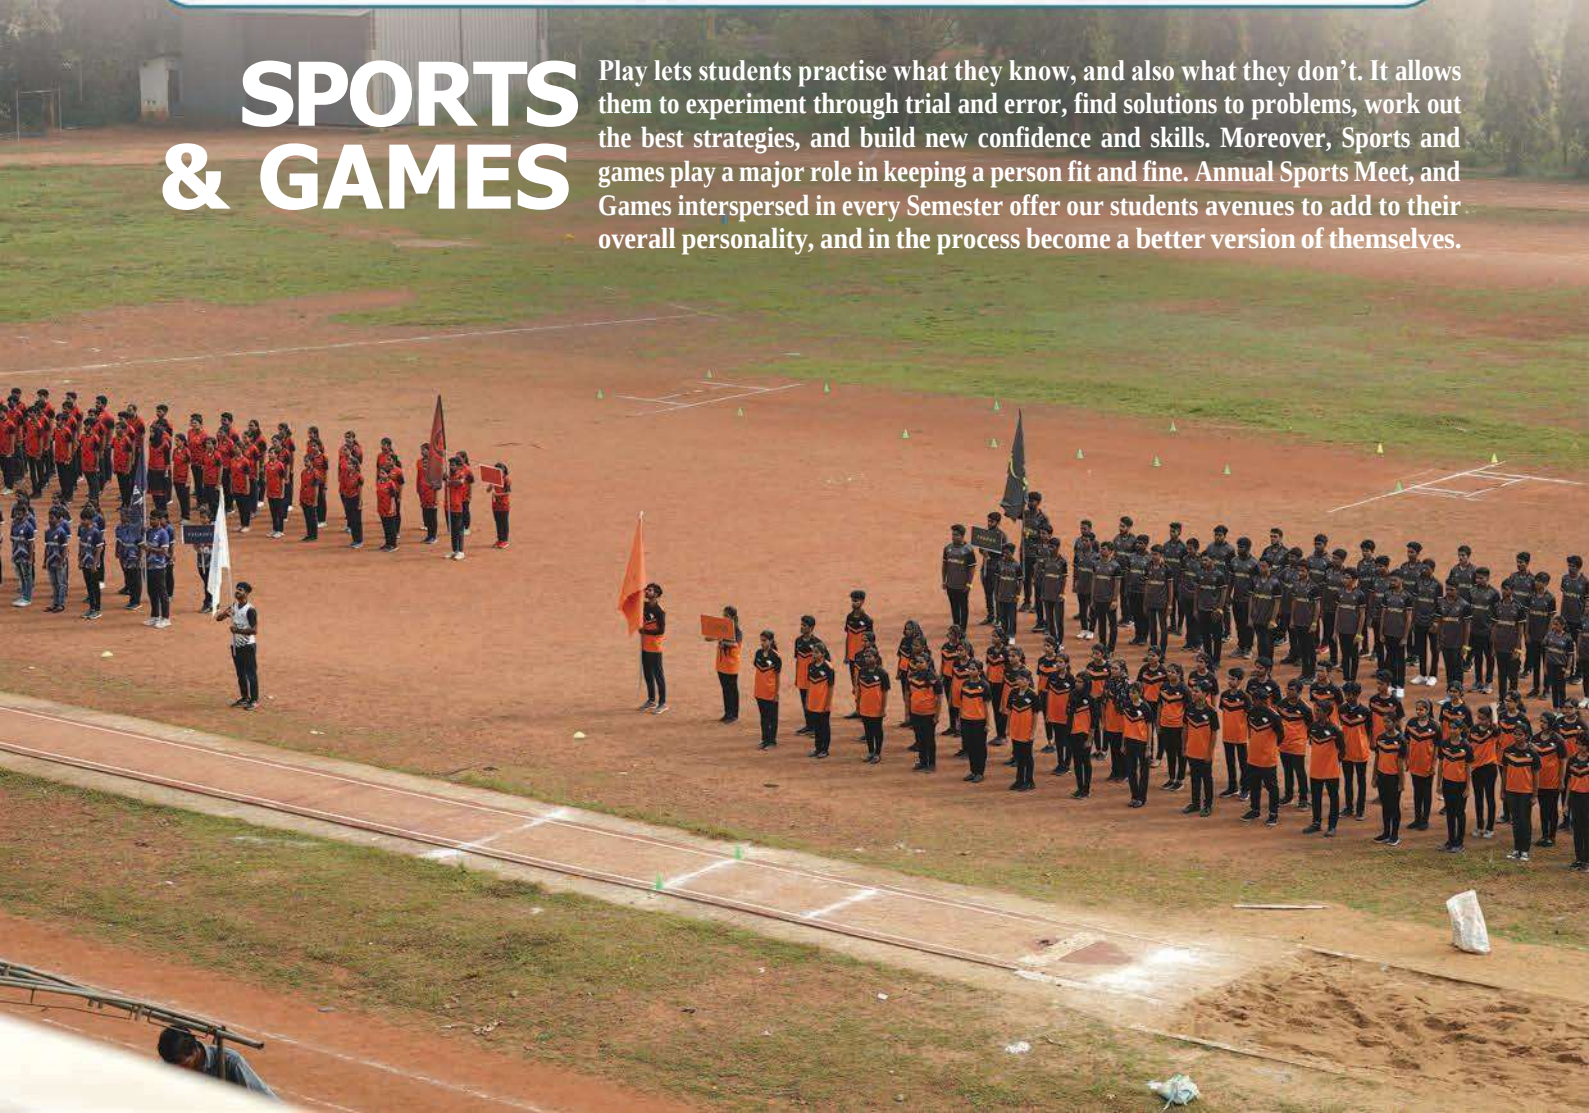

# ARTS

As Art is very much tied to culture and the human experience, art festival exposure helps students to step into the shoes of artists with different backgrounds than their own. This builds empathy and contextual understanding at a time when students are forming their views of the world around them. Our academic calendar features an Annual Arts Fest and other cultural events interspersed in every semester for the students to express themselves.

# SPORTS & GAMES

Play lets students practise what they know, and also what they don't. It allows them to experiment through trial and error, find solutions to problems, work out the best strategies, and build new confidence and skills. Moreover, Sports and games play a major role in keeping a person fit and fine. Annual Sports Meet, and Games interspersed in every Semester offer our students avenues to add to their overall personality, and in the process become a better version of themselves.

## Eligibility

Candidates who have obtained a Bachelor's degree (10+2+3 years) from a recognised University in any discipline, or its equivalent and have secured not less than 50% of the marks in aggregate are eligible for admission to this program. All aspiring candidates should qualify any of the management aptitude tests : CMAT, CAT, or KMAT.

## Contacts for Admission:

7025557737,7829404960,8086950545
